

Development of historical riverside protection area in Narva/Estonia and Ivangorod/Russia

II stage

Project overview

Narva Municipality, Department for Development and Economy

February, 2014

Project object

The object in Narva is the upper part of the promenade with the total area of 4 700 m², precisely the part of the Dark Garden Park starting from the Hahn staircase till the fountain, and the road along the park territory. On Ivangorod side it's the part of the river promenade with the total area of 3570 m² located to the north of the fortress and thematically meant for Fisher market.

Design of Narva promenade

Design of Ivangorod promenade

Overall objective of the project

The overall objective of the project is integrated construction and improvement of the historical promenade areas in Narva/Estonia and Ivangorod/Russia and conversion of the CBC area into attractive place as united tourist destination.

Specific objectives

- Integrated construction of Narva and Ivangorod historical promenades;
- Promotion of tourist products "Historical promenade in Narva" and "Historical promenade in Ivangorod";
- Development of means for fund-raising for further Ivangorod promenade construction.

Implemented works in Narva:

- Liquidated 10 damaged trees;
- Fence and cornices of the walls cleaned from the grass;
- 46,8 meters of rainwaters drainage built, 2,7-meters sewerage pipe and rainwater drainage pipe placed, 73-meters drainage system built and cable placed;
- About 1 700m² of pedestrian roads are cobbled (paved). During the roads reconstruction works the old roadway was found near the Hahn staircase. A part of the found old roadway is now marked with stones which differ from the general pedestrian roads' covering;
- The new fencing is done along the bastions - 70,7 m of fencing is reconstructed and 98 m is totally renewed;
- The outdoor lighting in old time style are set. Totally 17 outdoor lanterns;
- Drainage system and shower sewerage system works are done;
- Planting and landscaping works on the territory of about 2760 m² are done. The total area of landscaping works is about 4 600 m²;
- 4 sets of flowerpots, each consisting of 3 vases, are established;
- 6 bins and 7 benches are placed;
- Instead of earlier existed staircase on Pimeaia Street the slip road is built to make the way along the Dark Garden Park more comfortable for disabled people and families with children in carriages.
- Conservation of the wall's edge along the fence from the Hahn staircase till the fountain to prevent the soil waters into Pax bastion thus stopping its further destruction.

Implemented works in Ivangorod:

- 119 linear meters of promenade in the northern part is built thematically named as "Fisher market";
- 1150 m of roads are cobbled;
- 22 lanterns are set;
- 95 m of approaching roadways to the promenade is built;
- Drainage works are implemented with the overall length of 120 m;
- 5 benches and 5 bins are placed;
- Planned to purchase additionally 7 benches, 3 bins, bicycle holder, video camera to ensure promenade security;
- Planting and landscaping works on the territory of about 710 m² are done;
- To exclude the car traffic to the promenade from Petrogradskaya Street, 30 m metal bars are set;
- To strengthen the soil ground the supporting stone wall 0,6 m tall and 70 m long is built on the way to the promenade from Petrogradskaya Street;
- To ensure the access to the promenade from the direction of the custom-house, 5 m wide and 30 m long pedestrian road is built. For slow-moving groups of people two staircases are established;

- To exclude the washing of the face of promenade, the strengthening of 50 m coastal line with the rocky soil along the Petrogradskaya Street has been done.
- Additional fence on Rybatskaya Nabereznaya against possible slide of transport into the Narva river during the winter time.

Information about the Programme and project partners

The strategic aim of the Estonia-Latvia-Russia cross border cooperation Programme within European Neighborhood and Partnership instrument 2007-2013 is to promote joint development activities for the improvement of the region's competitiveness by utilising its potential and beneficial location in the cross roads between the EU and Russian Federation. The Programme web-site is www.estlatrus.eu.

Totally to the 1st Call of Proposals there were submitted 226 projects, only 25 of them were approved and got co-financing, including «River promenades II».

The project is being implemented by Estonian and Russian partners. The project lead partner is Narva Department for City Development and Economy. The partner from the Russian side is Municipal Formation "Ivangorod City". The total budget of the project, which will last till March 2014, is 1 742 338,67 euro. The Programme is co-financing 90% of the total costs or 1 568 104,80 euro. The co-financing of the partners makes 10% or 174 233,87 euro.

The grant-contract was signed on 17th January 2012. The project is planned to be finished on 17th March 2014.
